

COURIER ENVELOPES / BAGS

Courier envelopes and bags are made from the highest quality multilayer film (LDPE, MDPE, HDPE), characterized by increased puncture and tear resistance. They are available in versions with single or double hot melt permanent closure and can be equipped with "easy open" system in the form of a tear tape, which provides convenience when opening. Sizes are customized, and the ability to print up to 8 colors allows you to personalize the packaging according to your requirements.

In addition, the envelopes and bags can be equipped with a standard or slanted carrying handle, an additional pouch for document accompanying the shipment, individual numbering, barcodes, QR codes and paper labels for easy identification and tracking of parcel. All of our products are recyclable, which is an important part of environmental care.

These features make our courier envelopes and bags a reliable solution for safe and convenient shipment of a variety of materials, from documents to products.

Our courier envelopes are the perfect packaging for logistics and spedition companies as well as mail order selling.

The print and the envelopes specification can fully be adjusted according to customer individual requirements.

We can also provide you with: medical, 95kPa bags, Duty Free bags, security bags and envelopes, security seal tapes, environment friendly packaging, air-bubble envelopes.

Our products are certified by the most renowned certification bodies in Europe such as BLUE ANGEL, TÜV AUSTRIA, BAM, ISEGA.
